

Easthampton High School Athletics ImPact Baseline Testing Information and Schedule

Easthampton High School is conducting ImPact Baseline Testing for all student athletes.

ImPact Baseline Testing is a pre-season exam. Baseline tests are used to assess an athlete's balance and brain function (including learning and memory skills, ability to pay attention or concentrate, and how quickly he or she thinks and solve problems), as well as for the presence of any concussion symptoms. Results from baseline tests (or pre-injury tests) can be used and compared to a similar exam during the season if an athlete has a suspected concussion.

You can link to more information about the testing program we are running here:
<https://www.impacttest.com/audience/?parents-3>

Find out more about concussion signs and symptoms here:
